

302

Fragment of ancient papyrus with faint, illegible hieroglyphs. The fragment is roughly rectangular and shows signs of significant wear and tear, with frayed edges and some missing sections. The hieroglyphs are arranged in several horizontal lines, though they are too faded and obscured by the texture of the papyrus to be read accurately. Some faint impressions of characters are visible, particularly in the middle and lower sections of the fragment.

Small white rectangular label.

Small white circular label.
